## **Traffic Notice for Dawson Road**

Thunder Bay, ON – Thunder Bay Hydro line clearing crews have begun work on Dawson Road between Hilldale Road and Hazelwood Drive. Because of the location of the lines, a westbound lane will be closed to accommodate the safety of the workers.

The lane closure will take place during daylight hours and will move as the work progresses down the road. It is anticipated that traffic flow may see slowdowns and delays.

Drivers are asked to exercise caution and patience as Thunder Bay Hydro works to improve system reliability in this area.
