

**You flip the switch and the light comes on.** Most people don't think much more about their electricity than that.

New Time-of-Use pricing may have you wondering just where you do use your power and how simple changes might make a difference on your bill. We, at Thunder Bay Hydro, want to help you.

You can use a new interactive tool called "10 Smart Meter Lane" to determine what your appliances use and how shifting your use can impact your costs. Its found through our website.

Want to know more? Give us an hour to help you understand what kWhs are, how you use them and what you can do to manage your use of electricity. Seminars are FREE but we ask you to pre-register.

Next seminars take place:

<b>Saturday, February 11</b>	<b>1 pm</b>	<b>Waverley Library</b>
<b>Thursday, March 1</b>	<b>1 pm</b>	<b>Waverley Library</b>
<b>Tuesday, March 6</b>	<b>7 pm</b>	<b>Mary JL Black Library</b>
